The 'Windows installer (64-bit)' link is highlighted in the original image. The bottom of the page shows navigation links: About, Downloads, Documentation, Community, Success Stories, and News. The Windows taskbar at the bottom indicates the date is 25-10-2022 and the time is 11:23.

Step 4 : Click on the Install button.

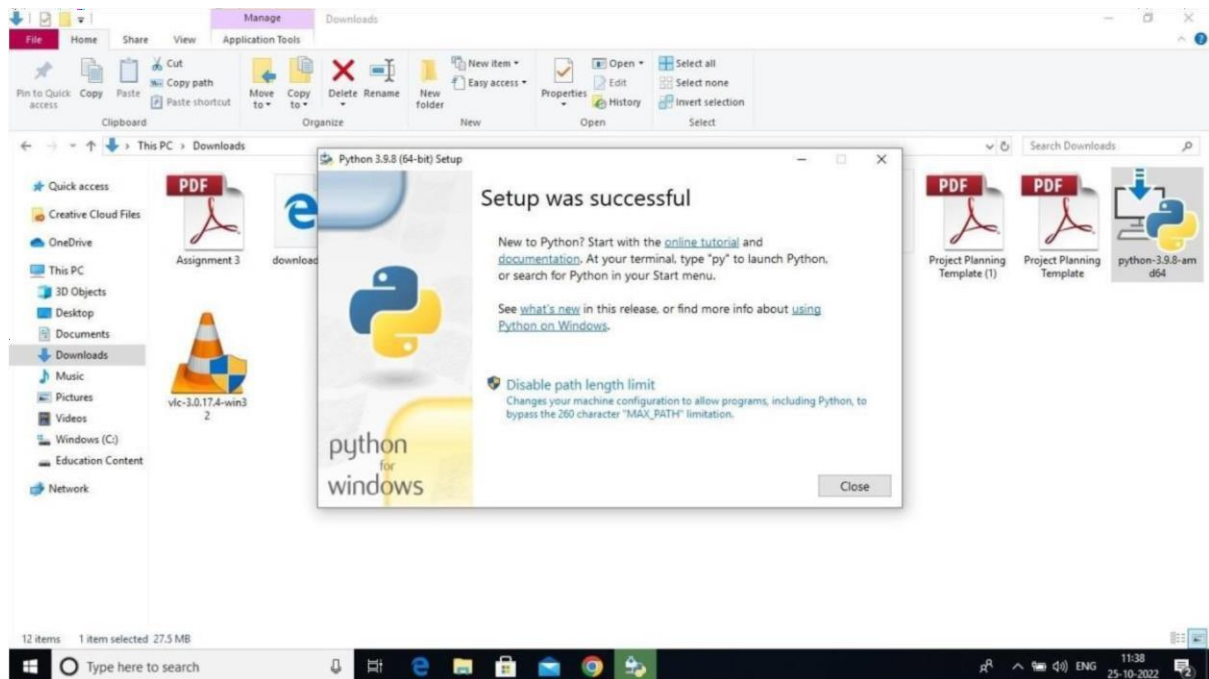

The screenshot shows a Windows File Explorer window open to the 'Downloads' folder. Overlaid on this is the 'Python 3.9.8 (64-bit) Setup' window. The setup window has the title 'Upgrade to Python 3.9.8 (64-bit)' and the text 'Select Upgrade Now to keep your current settings, or choose Customize to enable or disable features.' It offers two options: 'Upgrade Now' (which replaces the existing installation) and 'Customize installation' (which allows choosing location and features). The 'python for windows' logo is visible on the left side of the setup window. The Windows taskbar at the bottom shows the date as 25-10-2022 and the time as 11:30.

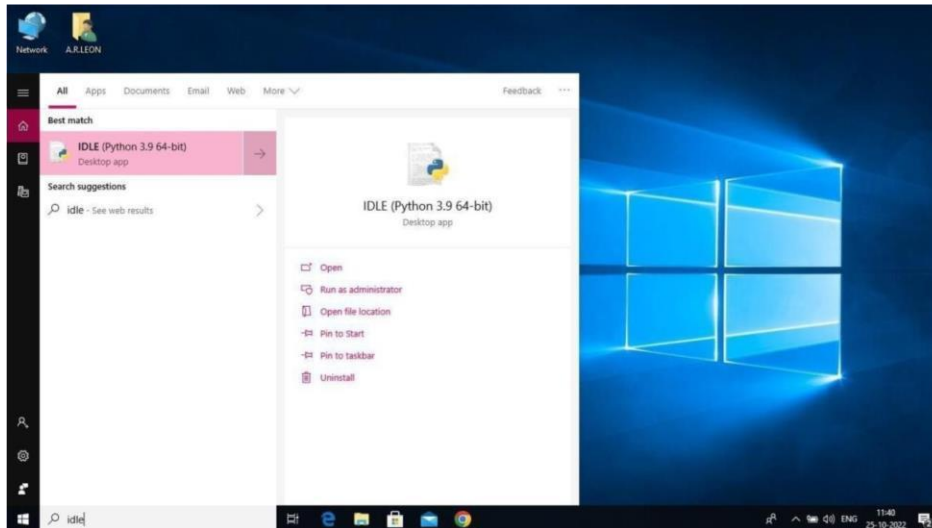

Step 5: Installation on progress

Step 6 : Close the button

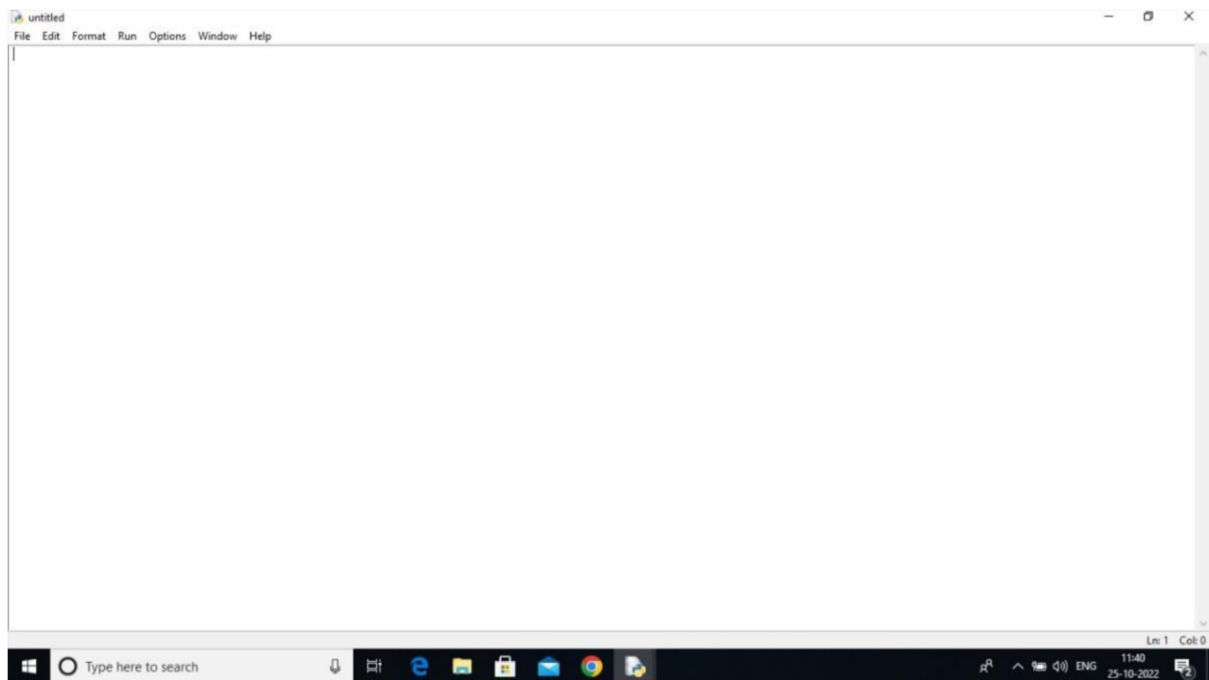

Step 7 : Search IDLE And Open it

Step 8 : Go to file and click on New File

Step 9 : Open it

A Python 3.9.8 is installed successfully.
